FLINDERS EXPANDS WITH FLINDERS FINANCE (WA) PTY LTD

Finance broking is the latest service expanding the operations of boutique Western Australian accounting group Flinders Chartered Accountants.

Flinders Finance aims to help businesses and individuals clearly and accurately identify their lending needs. Flinders Finance will work closely with the Flinders Group to provide specialist assistance to private businesses and their owners.

Flinders Finance is being led by Michael Maher, who has more than 20 years experience in banking and finance including the Commonwealth Bank, BankWest and GE Money.

Mr Maher believes that Flinders Finance will make a difference to individuals or businesses that have standard or niche lending requirements because of its ability to establish detailed knowledge of client's financial arrangements.

"Flinders Finance will be able to manage loan applications outside the core business areas offered by other Finance Brokers".

In addition with Mr Maher's experience, Flinders Finance will be able to assist Finance Brokers to provide a broader product range to their clients.

Flinders Finance is providing access to financing from over thirty different lending institutions, from the large banks through to specialist non-bank lenders and mortgage managers.

Flinders Finance, Flinders Accountants and specialist financial planning arm Flinders Financial Services are all based in Perth CBD. Flinders Accountants has 3 partners and 13 staff.
